Title: STABILIZED INTERLEUKIN-2

**Response**

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

The following Statement of the Substance of an Interview is responsive to the Office's Communication of July 24, 2002 (copy attached).

**STATEMENT OF THE SUBSTANCE OF INTERVIEW**

Interview Date: December 12<sup>th</sup>, 2001

Time: 9:00 AM, Pacific Standard Time

**BACKGROUND:**

In early December I began my review of the Final Office Action (Paper No. 8) dated October 24<sup>th</sup>, 2001. After reading the Office's comments, it became apparent that the examination was based upon a mistaken understanding of the technology disclosed in the application. *[The office action states on Page 3, of Paper No. 8, that "Compounds to achieve protein stabilization, such as sucrose, glycine, histidine. NaCl do not have any particular preference to any protein. Their function is to inhibit lower proteolytic*

*activity and therefore they can be employed for stabilization of any protein and motivation almost always is there for testing such possibility. ...]* I placed a call to Mr. Jagatheesan Seharaseyon to discuss this matter. Mr. Jagatheesan Seharaseyon's telephone number was listed in the **Advisory Information** portion of Paper No. 8. Mr. Seharaseyon was not available so I then placed a phone call to Mr. Gary Kunz, the Supervisory Patent Examiner. I discussed my concerns with Mr. Kunz for a few minutes at which point he asked me to provide him with a Supplemental Response after Final Action, detailing my concerns. I agreed to do so.

On December 10<sup>th</sup>, 2001 I sent the requested Supplemental Response (copy attached) to Mr. Kunz.

#### **SUBSTANCE OF TELEPHONE INTERVIEW**

**I received a telephone call from Mr. Kunz at about 9:00 AM on December 12<sup>th</sup>, 2001.** Examiner Seharaseyon was present on the call. The purpose of the call was to discuss the above mentioned Office Action and my Supplemental Response.

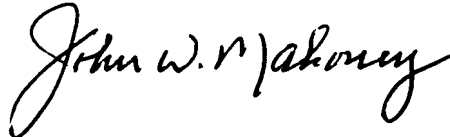

In summary, Mr. Kunz told me that he had reviewed my Supplemental Response and agreed with my comments. He said he would withdraw the Final Office Action and reopen prosecution. He said that I should receive a new Office Action in 2 - 3 weeks.

I prepared a brief note to my prosecution file and a copy of that note is attached.

NOTE: The Paper Number 10 Office Communication cites MPEP §2281 (entitled, "Interviews in Reexamination Proceedings") as the basis for requesting the above summary. Please note that the present matter is not part of a Reexamination Proceeding, and accordingly this particular MPEP section does not apply to this communication.

Should the Office believe that a telephone interview would aid in the prosecution of this application, Applicants encourage the Examiner to call their Attorney at the phone number listed below.

Respectfully Submitted,
